

Crisp County

Crisp County Extension continues to make an impact throughout the community. Since 2020, 46 students in Crisp County have participated in Forestry and Cotton Boll judging team experiences: 112 hours of coaching and training to learn decision making, critical thinking and problem solving that will be useful in competition and in life. Crisp County adult participants in the Diabetes Prevention Program reported an average of 422 minutes of physical activity per week, met their 5% weight loss goal and estimated a collective savings of \$50,250 in annual medical costs.

A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,808,305 face-to-face contacts in 2023. Of these, 170,771 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.

Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

Committed to Georgia's youth.

Georgia's 4-H enrolled 173,505 youths across the state during the 2022-23 school year.
