

## Required Training for use of Paraquat

Don't forget that the new paraquat label requires certified pesticide applicators to complete a training every 3 years. The training is at the following link:

[www.usparaquattraining.com](http://www.usparaquattraining.com) The following is what the page looks like!

### How To Safely Use and Handle Paraquat-Containing Products

The audience for this course are users of Paraquat who want to learn to apply Paraquat properly and safely. This paraquat training requirement is mandated by the U.S. Environmental Protection Agency (EPA) for all certified applicators who intend to apply paraquat. *“In accordance with EPA’s 2016 Paraquat Dichloride Human Health Mitigation Decision, applicators are required to take an EPA-approved paraquat training program every 3 years in order to **mix, load, apply, or handle paraquat.**”*

You should expect to spend about 45 minutes on the course and the quiz.

If you already have an account and are logged in, simply click on the title of the course to begin the training. Otherwise, click on the **Continue button** below. This will direct you to log in or **create a new account**.

Once you have filled in the required information (select NA in the last drop-down box if you are not an Extension, University, or Government employee), click on **Create my new account**. You will then get an e-mail sent almost immediately that will say: *A new account has been requested at 'eXtension Online Campus' using your email address.* To confirm your new account, click on the link and it will take you back to the eXtension Online Campus site, where you can click on **Continue**. This will take you to the training page with a button that says **Enroll me**. Click on this and you can start the training.
