MilkMake Recipe Contest

The dairy industry is an important part of Georgia agriculture. There are currently 200 dairy farms in Georgia that produced over 206 million gallons of milk last year. Milk and milk products are an important source of calcium in our diets. Let's get creative and see if you can create a recipe for a milk shake or smoothie. **Here are a few simple rules:**

1. Find or make up a recipe for a milk drink. It must have milk as one of the ingredients.
2. Write out the complete recipe. Make sure it has a title, list of ingredients, and a description of how to make your drink. Be sure to put your name on your recipe.
3. Make the drink following your directions.
4. Have someone taste it and write their comments.
5. Turn in your recipe and your taster's comments at your February 4-H meeting.

Our distinguished panel of judges enjoyed reading all the entries for this year's peanut butter sandwich recipes. They were very impressed with the creative ideas displayed by the students. Congratulations to Abiha Ahammad from Gaines Elementary. Her drawing was selected as the winner of the holiday card contest. Abiha included the 4-H clover as the center of the red poinsettia. The holiday greeting card was sent to the mayor and other supporters of the 4-H program.

Always remember to include your name and school on a contest entry. Several students missed winning a prize because we could not identify who submitted the recipe or drawing.
