We entered Oconee as our example in this case. Click on the **“Review Order”** button to go to the Review Order page.

Review your order carefully and when you are satisfied **click** on the **“Submit Order”** button.

This will bring up your Order Receipt, which you can print for your records.

A copy of your Order Receipt will also be sent to your email address. The following steps will occur automatically once you submit your order. Dr. Mickey Taylor will immediately receive a notification of your order, including the name you entered on the Payment Methods page and your email address. **Dr. Taylor will enroll you and other students who also have ordered the Private Applicator Training Course approximately twice each workday, around 10:00 AM and 5:00 PM. He will send you an email with your user name and a temporary password.** You will be required to change this temporary password when you log onto the gaprocerts.com site for the first time. **You CANNOT self-register on the gaprocerts.com website any longer!**

Your next step: After receiving your email from Dr. Taylor, go to the [Georgia Professional Certifications](#) webpage. The picture below is what you will see at the top of your screen (the list of courses will continue below Private Applicator’s License). Click on ([Login](#)) in the upper right corner of the screen.

- Private Applicator's License

The screen will change to show the following. Enter your username and the temporary password provided by Dr. Taylor. Follow the instructions for changing your password to a permanent one of your choosing. Passwords must contain a minimum of 8 characters, at least one uppercase (capital) letter, at least one lowercase letter, one number (0-9), and one non alphanumeric character (! @ # \$ % & *).

Log in

Username / email Password ☐ Remember username[Forgotten your username or password?](#)Cookies must be enabled in your browser [?](#)

Once you have changed your password, you will go to the screen showing a list of available courses. Click on [Georgia Private Pesticide Applicator Certification Training](#) under the heading **Private Applicator's License**. You will then see the screen in the picture below.

The screenshot shows the course page for "Georgia Private Pesticide Applicator Certification Training". The page has a header with the UGA extension logo and "gaprocerts" on the left, and search, notification, and user profile icons on the right. The main heading is "Georgia Private Pesticide Applicator Certification Training". Below it is a breadcrumb trail: "Home » My courses » Private Applicator Training". On the right, there are buttons for "Turn editing on" and "Your progress".

Disclaimer, Welcome, and Instructions

Welcome to the Georgia Private Pesticide Applicator training course.

There are ten modules with each module corresponding to a chapter or chapters in the National Pesticide Applicator Certification Core Manual Second Edition from 2014. This course is "Interactive," which means you must carefully follow the on-screen instructions in order to move to the next slide. Examples of these instructions include "Click me first," "Next," "More," "Back," "Finished," "Click on each topic from top to bottom (or from left to right)," and several others.

Each module contains one or more quizzes to help you evaluate your understanding of the topic except for [Module 2](#) "Federal and State Pesticide Laws and Regulations," which has only a final test. Quizzes are not graded but each question, when submitted, will return a popup message to tell you whether you got the correct answer or not. All quizzes may be reviewed by you to see the correct answer for those questions that you missed. Quizzes do not count toward the final module test grade.

A score of 70% or better is required on each module's final test to successfully complete the module and be allowed to advance to the next module. You may retake each module's final test as many times as necessary to achieve a passing score. Once you have passed the module's test ("Result:" will have a green check mark beside it and under that will be the message "Congratulations, you passed.") close the module's window by clicking on the "x" in the upper right corner of the window. That will return you to the course page where you should see a blue check mark in the small box to the right of the module's topic title (for example check [Module 1](#) Pest Management for the small box). Now go to the next module and click on its title. Click "Enter" on the information page that opens and that will open a new window to begin the next module.

If you wish to go through the entire module again to study the information more closely, simply close the module window, and then click on the module name on the course page. An information page will be displayed where you can see how many attempts you have made and your grade on each attempt. Click on the "Enter" button and a new window will open. There will be a dialogue box asking "Would you like to resume where you left off?" Simply click on the "No" button and you will begin the module from the first slide.

Once you have successfully completed all ten modules, you may select the link at the bottom of the page to print your certificate. Please take this certificate and appropriate photo identification to your County Extension Office to complete your application.

In order to obtain a private pesticide applicator's license in Georgia, you must be engaged in the production of an agricultural or forestry commodity. If you obtain this license, you must keep records of restricted use pesticide applications, and are therefore subject to inspections by the Georgia Department of Agriculture and the United States Department of Agriculture. Pesticide labels and all pertinent laws, rules, and regulations must be followed – the misuse of a pesticide in Georgia may result in penalties of \$1000.00 per violation.

Please click on the link below to confirm your use of this license while engaged in the production of an agricultural commodity.

[Production Disclaimer: Click to Answer \(Must Complete Before Course\)](#)

Carefully read the welcome and instructions as these will help you navigate through the training. Next, click on [Production Disclaimer: Click to Answer \(Must Complete Before Course\)](#) and answer the production disclaimer question. Click on the "Save my choice" button.

To return to the [Disclaimer Welcome, and Instructions](#) page click on the text at the end of the black arrow and green "Click here" in the picture below. (Your screen will not have the green text and black arrow; they are to show you where to click.)

[Click here](#)

In order to obtain a private pesticide applicator's license in Georgia, you must be engaged in the production of an agricultural or forestry commodity. If you obtain this license, you must keep records of restricted use pesticide applications, and are therefore subject to inspections by the Georgia Department of Agriculture and the United States Department of Agriculture. Pesticide labels and all pertinent laws, rules, and regulations must be followed – the misuse of a pesticide in Georgia may result in penalties of \$1000.00 per violation.

Will you use this license while engaged in the production of an agricultural commodity?

Your selection: Yes, I will use this license in the production of an agricultural or forestry commodity

☒ Yes, I will use this license in the production of an agricultural or forestry commodity

[Save my choice](#) [Remove my choice](#)

[View 1 responses](#)

YOU WILL NOT BE ALLOWED TO PROCEED WITH THE TRAINING UNTIL YOU ANSWER THE PRODUCTION DISCLAIMER QUESTION! When you return to the [Disclaimer Welcome, and Instructions](#) page, a small check mark will be visible in the box to the far right of the Production Disclaimer.

You will now be allowed to begin the [Pest Management](#) topic by clicking on “[Module 1](#)” which sits below the text “Not available unless the activity [Production Disclaimer: Click to Answer \(Must Complete Before Course\)](#) is marked complete” (see the image below).

[? Production Disclaimer: Click to Answer \(Must Complete Before Course\)](#)

Pest Management

This module covers Chapter 1 of the National Pesticide Applicator Certification Core Manual with additional information for novices describing the four types of pests, their general life cycles, and other information.

Not available unless: The activity [Production Disclaimer: Click to Answer \(Must Complete Before Course\)](#) is marked complete

[Module 1](#)

Federal and Georgia Pesticide Laws and Regulations

This module covers information presented in Chapter 2 Federal Pesticide Laws and Regulations of the National Pesticide Applicator Certification Core Manual, with additional material about Georgia's Pesticide Program and the laws and regulations that govern pesticide use in Georgia.

Not available unless: The activity [Module 1](#) is marked complete

[Module 2](#)

When you click on “[Module 1](#)” you’ll see the screen below. Click on the “Enter” button. The module will open in a new window (you may have to enlarge it, shrink it, or make it take up the full screen depending on your computer’s settings).

Module 1

Info Reports

Number of attempts allowed: Unlimited
 Number of attempts you have made: 0
 Grading method: Highest attempt
 Grade reported: None

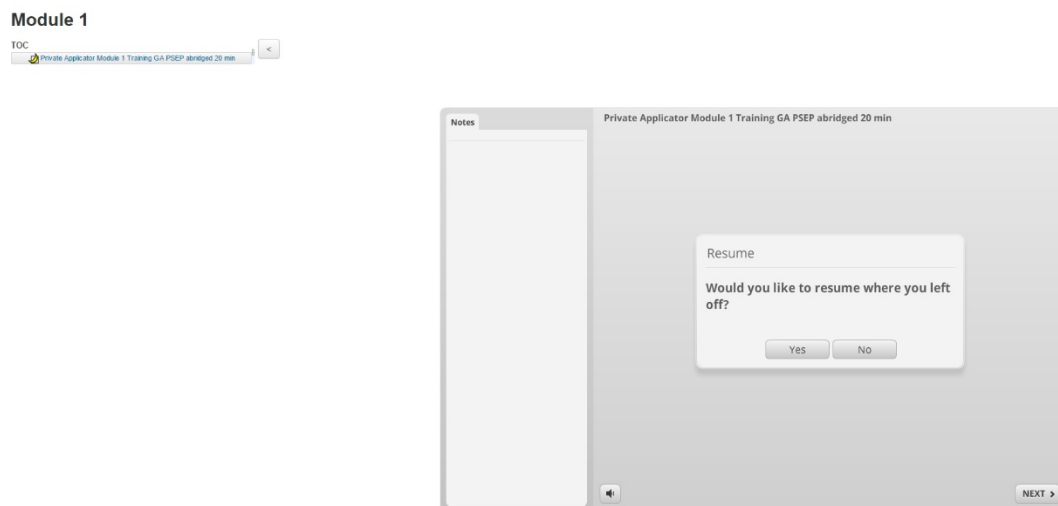

Mode: ☐ Preview ☒ Normal

[Enter](#)

When you enter a Module (after hitting the Enter button shown above) and **you do not see a slide at all or the program will not advance to the next slide** when you click a “Next,” “Click Me First,” etc.,

“Continue” or “Back” button, try downloading [Google Chrome](#) and running the gaprocerts.com program in that browser. For PC users, if you are still using Internet Explorer (IE), download and run Chrome instead (IE is no longer supported and will not run Moodle). For MAC users, if Safari does not work (often, people have not upgraded their copy of Safari and it is out of date), try downloading [Google Chrome](#) and running that browser program.

If you have to close a Module and return at a later time, you will see the screen above and need only to press the “Enter” button. This will reopen the module in a separate window. It will look like this:

If you wish to return to where you closed the module, click on the “Yes” button; if you wish to start the module over again from the first slide, click the “No” button.

If you complete a module and close the window and there is no check mark in the box for that Module, try clicking on the “[Module](#)” with the appropriate number beside the package and ribbon symbol. This will open the following screen where you **SHOULD** click the box beside “Start a new attempt” and then click the “Enter” button. You can quickly click through the slides and quizzes to get to the final exam again. This time when you pass the test there should be a check in that module’s box. If there is still no check, stop and call Mickey Taylor (706) 540-4108 and he will get the box checked so you can proceed.

If you decide later that you’d like to go through one of the modules again from the beginning, you can click on the “[Module](#)” with the appropriate number beside the package and ribbon symbol. This will open the above screen where you can click the box beside “Start a new attempt” and then click the “Enter” button.

When you reach the final Module (Module 11), you will see that the Certificate of Completion may be printed once you complete Module 11 with a passing score. The bottom of your screen will look like this:

Pesticide Application Procedures

This module covers information presented in Chapter 11 of the National Pesticide Applicator Certification Core Manual on pesticide application procedures. It begins with a discussion of application methods, proceeds to describe safety systems, application equipment, equipment calibration, and concludes with information about calculating application area.

Not available unless: The activity **Module 10** is marked complete

 Module 11

Certificate of Completion

Upon completion of this course please print the certificate. Take it to your local County Extension Office to include with your application.

Not available unless: The activity **Module 11** is marked complete

 Certificate of Completion for Private Applicator Training

Brought to you by the [Department of Entomology](#) and the [Center for Urban Agriculture](#)

You are logged in as **Your Name** ([Log out](#))
[Home](#)

Print your Certificate of Completion and take it to your county Extension office to complete your application for a Private Applicator's license. If you need to purchase a Restricted-Use Pesticide (RUP) before you are likely to receive your license from the Georgia Department of Agriculture (3-4 weeks from when they receive your application), you can request that your Extension office call and request a temporary license number that you can use to purchase the RUPs. This number will be the same as the number on your actual license.
