PROJECT S.A.F.E. SPONSORSHIP

Project S.A.F.E. (Shooting Awareness, Fun and Education) is an active shooting sports program, attractive to youth and adult audiences. The program is curriculum based and designed to assist young people in personal development, establish a personal environmental ethic and explore life-long vocational and avocational activities. The program uses experiential learning and positive interactions with youth and adult role models to help young people develop self-concept, self-assurance and a positive self-image. Your sponsorship of Project S.A.F.E. will go toward providing supplies needed to run a successful program, including targets for all of our teams, shells for our shotgun team, or firearms and bows for general club use. A portion of your sponsorship will also be used to pay contest registration fees for shooters and coaches as well as team uniforms. Sponsors will be recognized in a variety of ways.
