

Washington County

Washington County 4-H continues building our youth programming. DPA, monthly classroom meetings, livestock showing, project SAFE and various camps are important ways we assist with youth development. Timber, hay and corn lead the way in a county with over \$70 million in farm gate value. Washington County has had producers recognized locally, statewide and even nationally for crop yields and quality. FACS had huge impacts with tax services, ServSafe programming, as well as mind matters education at our local Sheriff's department. ANR and FACS have worked together with the Washington County sheriff's department, bringing classes and skills training to members of the residential substance abuse program.

A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,808,305 face-to-face contacts in 2023. Of these, 170,771 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.

Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

Committed to Georgia's youth.

Georgia's 4-H enrolled 173,505 youths across the state during the 2022-23 school year.
